
QUALITY POLICY

WET aims to be the foremost engineering firm
in the water and wastewater industry in Malaysia.

WET is committed to provide the highest standard of
quality service at competitive prices.

In the pursuit of attaining total client satisfaction,
WET is continuously in search of ways and means to
improve the quality of its service. Being in the
industry that is inextricably linked to the
environment, WET is also committed to comply with
all the environmental statutory and regulatory
requirements.

ISO 9001:2015 STANDARDS
